National Day Celebrations

In celebration of Bahrain National Day, ISC-Manama hosted two events for its parents and students.

The first event was held on Thursday, November 24, 2022, for all our students and parents. The program of the event included traditional dances, cultural games, and several traditional arts and crafts stations. The event ended with an amazing traditional fashion show presented by our students in grades 11 and 12.

The second celebration was held on Thursday, December 8, 2022. We hosted a day of full of fun, play, and laughter for our little ones to enjoy as we wrap up the term on a positive and happy note before the start of the winter holiday. The event included bouncy castles, traditional arts and crafts stations, photobooths and much more!

This celebration was a beautiful end to our term.

Happy National Day to our beloved Kingdom!

Extra Curricular Activities

Students in KG 2 to Grade 9 participated in a variety of extra-curricular activities under the theme: “Let’s make our Saturdays fun again!”

From swimming in one of our two pools to practicing their tennis skills and painting in arts and crafts stations, our students had a great time.

The school’s gym, in particular, was filled with activities that our students enjoy. There was a Taekwondo session where both boys and girls were taught correct safety practices, rules, and basic techniques, in addition to a gymnastics class in which they practiced gymnastics skills such as cartwheels, handstands, bridges, pull-over, balance, and agility. The participating students had an amazing day!

ISC-Manama invites you to sign your child up for Saturday morning activities in Term 2! All students from KG 2-Grade 9 are welcome to participate and enjoy a variety of activities.

University Fairs

In September, the school hosted university fairs for students in grades 11 and 12 on campus, where representatives from mainly U.K. universities shared information about their programs and admissions requirements. The fair aimed to assist our students in exploring their career options and help them make well-informed decisions when it comes to choosing their career path in university.

SLO Stories

SLO Team 2023

Meet our SABIS® Student Life Organization (SLO) Team for the academic year 2022-2023!

We are proud to introduce our SLO heads of departments at ISC-Manama and we wish them the best of luck in their journey this year.

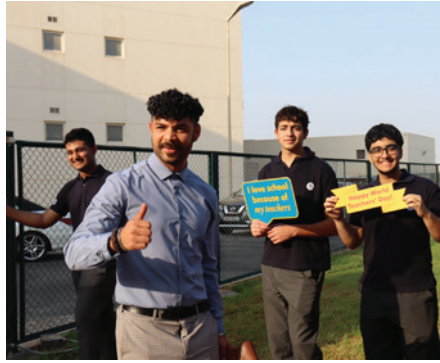

The SLO gives students the opportunity to develop life skills that empower them to make a difference.

All students who are involved in any role within the SLO improve academically, morally, mentally, and socially.

World Teachers' Day

Since childhood, our teachers have taught us, supported us, and given us their best. It's time to thank them for everything they have done for us, and World Teachers' Day was the perfect opportunity to do so. Students worked diligently to prepare and organize events. It was a day we all looked forward to! The SLO prefects organized an event that included a special early morning greeting at the gate, kind notes were written by students to show how much they appreciate their teachers, and World Teachers' Day pins were distributed. The day was successful and reminded every teacher that they are special and appreciated. We believe that whatever we do, we will never be able to pay them back, because they have given us the manual of life, which is knowledge.

Debate Competition

Both staff and students took time for an informative and entertaining event at ISC-Manama's first Student vs. Teacher Debate of the academic year 2022-2023. Teams of three students and staff formally debated the topic, "Should We Depend on Artificial Intelligence in the Workforce?". The students argued against the topic, while teachers argued in support of it. Teams were given 3 minutes to present their main arguments, 3 minutes to rebut, and 1 minute for closing remarks. While the debate brought out the competitive spirit of both sides, all the debaters were friendly and supportive of the opposing side. Arguments were presented confidently and the opposing teams warmly shook hands to conclude the debate. Although the teachers won this round, the students are adamant that they will be victorious next time! The challenge is on! We would like to thank all participants for taking part in the debate and we hope that they will be using their debate skills in future competitions.

SLO Clubs

Our SLO Activities Department organizes a variety of interesting clubs for our students in grades 5 to 12. Here is a sneak peek of their clubs, including Chess, Guitar, Arabic Calligraphy, Embroidery, and many more!

Spelling Bee

Our students in grades 5 and 6 competed in a friendly Spelling Bee competition that tests their proficiency of the English language. The winner and runners-up were recognized for their hard work and achievements.

After a long week of intense preparation, our young students competed in the Spelling Bee and the final rounds were held on November 19 and 20. Knockout rounds were held consecutively until only three contestants remained from grades 5 and 6. These students competed in a final round that led to the victory of our Spelling Bee champions.

Congratulations to our top students from Grade 5:

- 1- Bu Ali, Rayan Mohammed Abdullah
- 2- El-Hosainy, Jood Mohamed
- 3- Jarrah, Ali Dib

Congratulations to our top students from Grade 6:

- 1- Al-Malki, Mezna Husain
- 2- Al-Noaimi, Khalid Bader
- 3- Nagaria, Faiz Khurram

World Smile Day

At ISC-Manama, we give you a reason to smile!
Check out these photos of our students celebrating World Smile Day! The best thing anyone could wear is a smile.

World Cup Qatar 2022

In the spirit of the World Cup, our SLO organized a “World Cup Jersey Day” during which students supported their favorite teams in the FIFA World Cup Qatar 2022.

The event also included trivia, and prediction games, among other activities.

Blue Monster Event

On November 16 and 17, the most thrilling event was held for our students in grades 5 and 6. ISC-Manama’s SLO Department organized a “Blue Monster” event. Students had to use logic to find clues, perform tasks, or answer general knowledge questions in order to win chocolate coupons. When they win, the coupons must to be protected from villainous blue monsters, who are SLO prefects covered in blue paint, and they want nothing other than to steal coupons from students. Our students wandering around in creative, chilling, and comical costumes made the campus feel like another world! The event started with a buffet-style dinner of tasty treats.

Think Pink

ISC-Manama's Think Pink bake sale and carnival was organized by the SLO prefects to raise awareness and funds for a cancer charity. The SLO prefects managed different activities and games to promote and sell items to raise awareness about cancer as well as funds for the Bahrain Cancer Association.

Little Chefs

ISC-Manama and the SLO Activities Department organized a “Little Chefs” event for our students in grades 2 to 4. The event took place in the school’s auditorium with the students and their teachers, alongside SLO prefects. While making their own sandwiches, our students learned about healthy eating habits.

It was the perfect activity for students to bond with their classmates and their teachers.

Kite Day

The KG Department hosted a Kite and Picnic Day for our students in KG 1 to Grade 1. The event took place on the school's football field with the students and their parents, alongside SLO prefects. It was the perfect opportunity for our students to spend quality time with their classmates and parents.

We saw many happy faces that day!

School Trips

Term 1 Trips

Term 1 was filled with so many fun and engaging trips, including an excursion to Bahrain Fort and Bahrain International Circuit, among others. Our students had a great time and enjoyed a variety of games and activities that teach them the value of teamwork!
